

NewSoft welcomes all to visit us at MacWorld 2007!

Exhibition Dates: January 9th-12th, 2007

Our Location: Booth S2343, Moscone Center, San Francisco

MacWorld 2007 is fast upon us! NewSoft's award-winning WMS 100 Image, a wireless presentation solution, is now available for Mac users! An integration of a hardware receiver and software sender, WMS 100 Image allows users to broadcast screen-captured images wirelessly and helps to increase wireless efficiency around the workplace.

In addition, NewSoft's well-known Presto! BizCard Reader 5, a complete contact management solution that comes with a business card scanner and contact management software, is now compatible to run on Intel-CPU based Mac computers.

MacWorld will run from January 9th through January 12th and you will find us at Booth S2343 in the Moscone Center in San Francisco. Come and discover what NewSoft can do for Mac users!
